Ladies' Attention; Good Easter News

Good news for the ladies! And, incidentally, for the men who pay the bills. Cost of outfits for next spring and summer, according to the Office of Price Administration, will be about the same as in 1942.

Increased costs of materials and labor for women's, girls' and children's garments will be largely offset by strict OPA control over garment maker's mark-ups and selling prices, it was announced.

Quality and workmanship for coats, suits, dresses, blouses and other outer apparel will be almost equal to that of 1942, OPA experts.

Dr. Siekmann Injured In Riverside Saturday

En route home here from a holiday trip to Banning, Dr. Katherine F. Siekmann of 1343 El Prado, was struck by a 14-year-old boy riding a motor-scooter in Riverside and suffered a broken right leg and numerous bruises last Saturday.

She was walking across a street in Riverside when she was struck and was taken to the Riverside Community hospital for treatment. Later she was removed to the San Pedro hospital where she will be confined for about a month.

County Barn Dance To Usher In 1943 At Venice Pier

FOREMAN PHILLIPS . . . of County Barn Dance fame, is seen weekly at the festivities on Venice Pier and invites western music fans to the special New Year's Eve celebration this Thursday night.

The nation's biggest county barn dance is decorated in true western style. There'll be fun makers of every description—horns, noise makers, serpentine and everything that goes to make New Year's Eve the world's greatest holiday celebration. Thousands of toy balloons are hanging in the big barn loft, set to drop on the dancers' heads. Plans are made for more than 5,000 western dancing fans that are expected to be in attendance.

GOOD LUCK, GOV. WARREN

In a few days, Governor-elect Earl Warren becomes Governor Warren and takes on the tremendous responsibility of guiding our State through the critical war period—and probably through the equally critical post-war era which will follow. No California Governor in our time will have been confronted with as difficult a task; no Governor in the United States will have as great an obligation to the Nation, for California, in addition to being the pivot of the Pacific war, is turning out more of the sinews of war for the whole country than any other state.

We feel confident Governor Warren will measure up to the job. His first appointments to key posts in the State Government have evidenced that he is determined to put politics aside for the duration and to bring into the public service the ablest men available. Undoubtedly he will make mistakes, for he is human, with the human capacity for error, but they will be honest mistakes; of that we are assured. And on the whole we believe he will make a splendid record; he has the capacity for it; he has the sincerity and earnestness and the driving power which we want in a wartime Governor.

Good luck, Governor Warren. The people of California, regardless of party, believe in you and are looking to you for leadership.

'Thunder Birds' At Plaza Theatre

Months before Dec. 7, the United States Army was training Chinese air cadets in this country. These cadets, all officers in the Chinese Army, had received their ground training under American tutelage at Hangchow. After that flying school was bombed by the Japanese, they marched 1,000 weary miles to Chungking and then to Kunming.

From there they came to the United States and to Thunderbird Field, an air school which is now devoting its facilities to the Air Corps. Two classes have already entered the school. How many more will follow them is a problem of wartime transportation—but there will be plenty. Flying pilots of 11 of the United Nations are now training at Thunderbird Field. And it is the action-filled story of these reckless fledglings that 20th Century-Fox has made into an excitement-packed technicolor motion picture, "Thunder Birds," now showing at the Plaza theatre in Hawthorne. Starring Gene Tierney, the film features Preston Foster and John Sutton.

Women Breathe Easier Because of WPB Order

Restrictions on the production of brassieres, because scrap rubber is generally used in their manufacture, have been removed by the War Production Board. Scrap rubber may be used in any amount for the making of hose supporters, but they must not be more than four to a garment, WPB also ruled.

A 60-year-old blind woman of Owasso, Okla., collected 180 pounds of metal scrap in her backyard, without assistance.
